

REMOTE-CONTROLLED LAWN MOWER

WP-X550 & WP-X700

 **KartFun**
KARTFUN GROUP CO., LTD.

- ◆ Hybrid
- ◆ Chassis Lift&down
- ◆ Emergency Stop
- ◆ Headlamp
- ◆ Error Alarm
- ◆ 3 Mowing Speeds
- ◆ Stepless Speed Control Walking
- ◆ 2.4g Wireless Remote Control
- ◆ 200 Meters Remote Control Distance
- ◆ Remote Control Smart Display
- ◆ One-button Start
- ◆ Track Drive
- ◆ 360° Steering
- ◆ Slope Warning

WP-X700

Project	Parameter configuration
Full machine specifications	970mm * 1090mm * 570mm
Total weight	220kg
Engine brand	Loncin
Mowing width	700mm
Adjust the cutter head height	0mm-180mm
walking speed	0-5km/h
Maximum working slope	<60°
Charging method	Engine self-charging system
Lifting method	Remote control lift
Operation method	Remote control operation
Fuel	92# gasoline
Maximum remote control range	680m
Fuel tank capacity	7.1L
Generator rated power	2500w
Walking electric working voltage	24v

WP-X550

Project	Parameter configuration
Full machine specifications	1080mm*970mm*655mm
Total weight	198kg
Engine brand	Loncin
Mowing width	550mm-600mm
Adjust the cutter head height	5cm-8cm
walking speed	0-5km/h
Maximum working slope	<45°
Charging method	Engine self-charging system
Lifting method	Remote control lift
Operation method	Remote control operation
Fuel	92# gasoline
Maximum remote control range	400m
Cutter speed	3600r/min
Generator rated power	6.1Ps
Walking electric working voltage	24v

Engine start mode

Remote electronic start

Hybrid

As long as you bring enough gasoline, you can have unlimited range

High body strength and not easy to damage

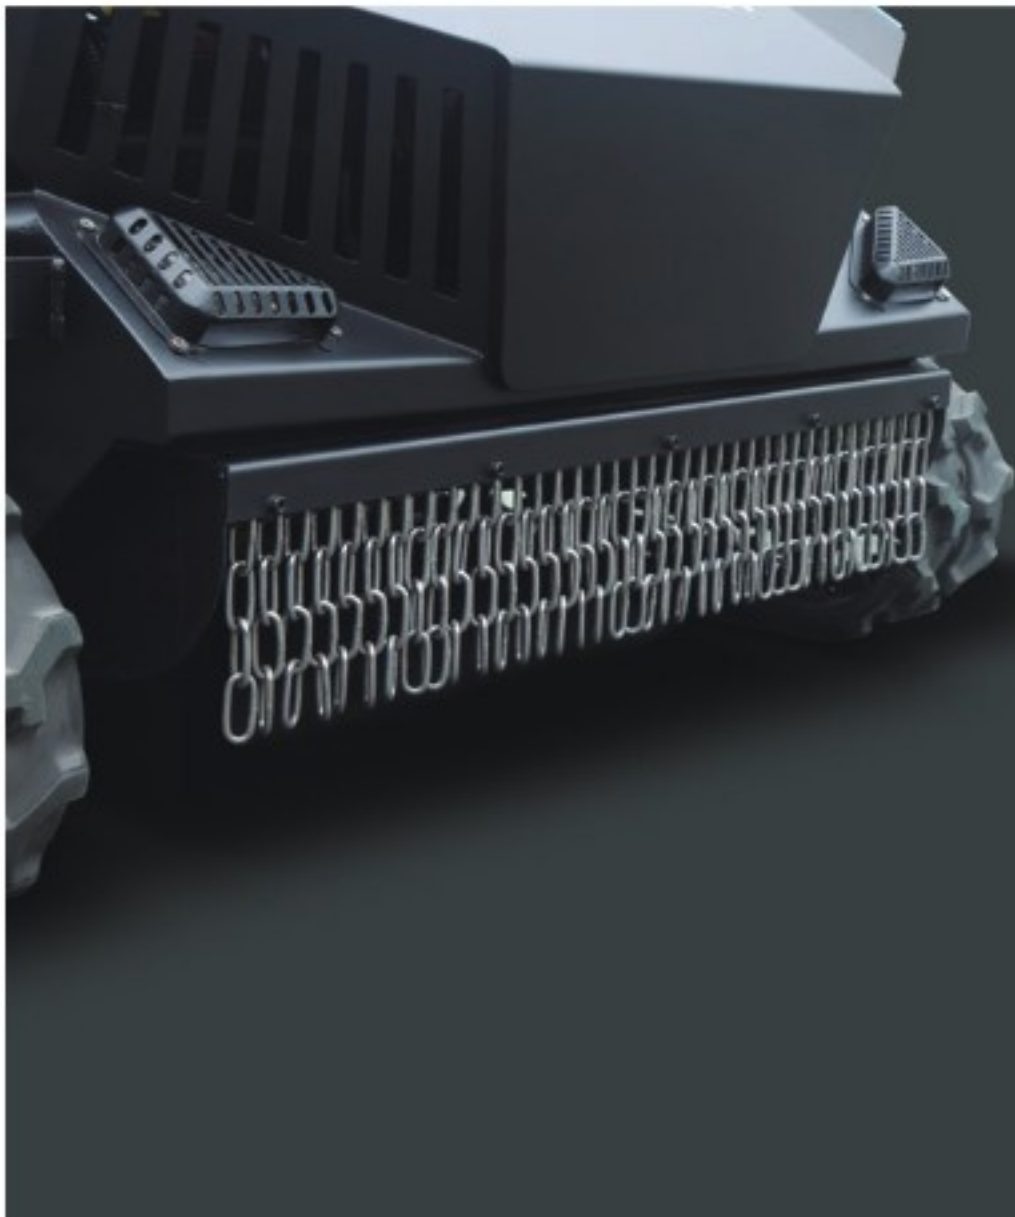

The overall steel structure of KARTFUN 27" Hybrid Remote Control Lawn Mower is welded, which is high-strength and not easy to damage.

Hybrid crawler mower

Adopt professional vertical axis mowing technology,
can be raised or lowered

- ◆ Mowing width 27 inches (685mm)
- ◆ Chassis lift 30~120mm from the ground

Wide track wheels suitable
for multiple road conditions

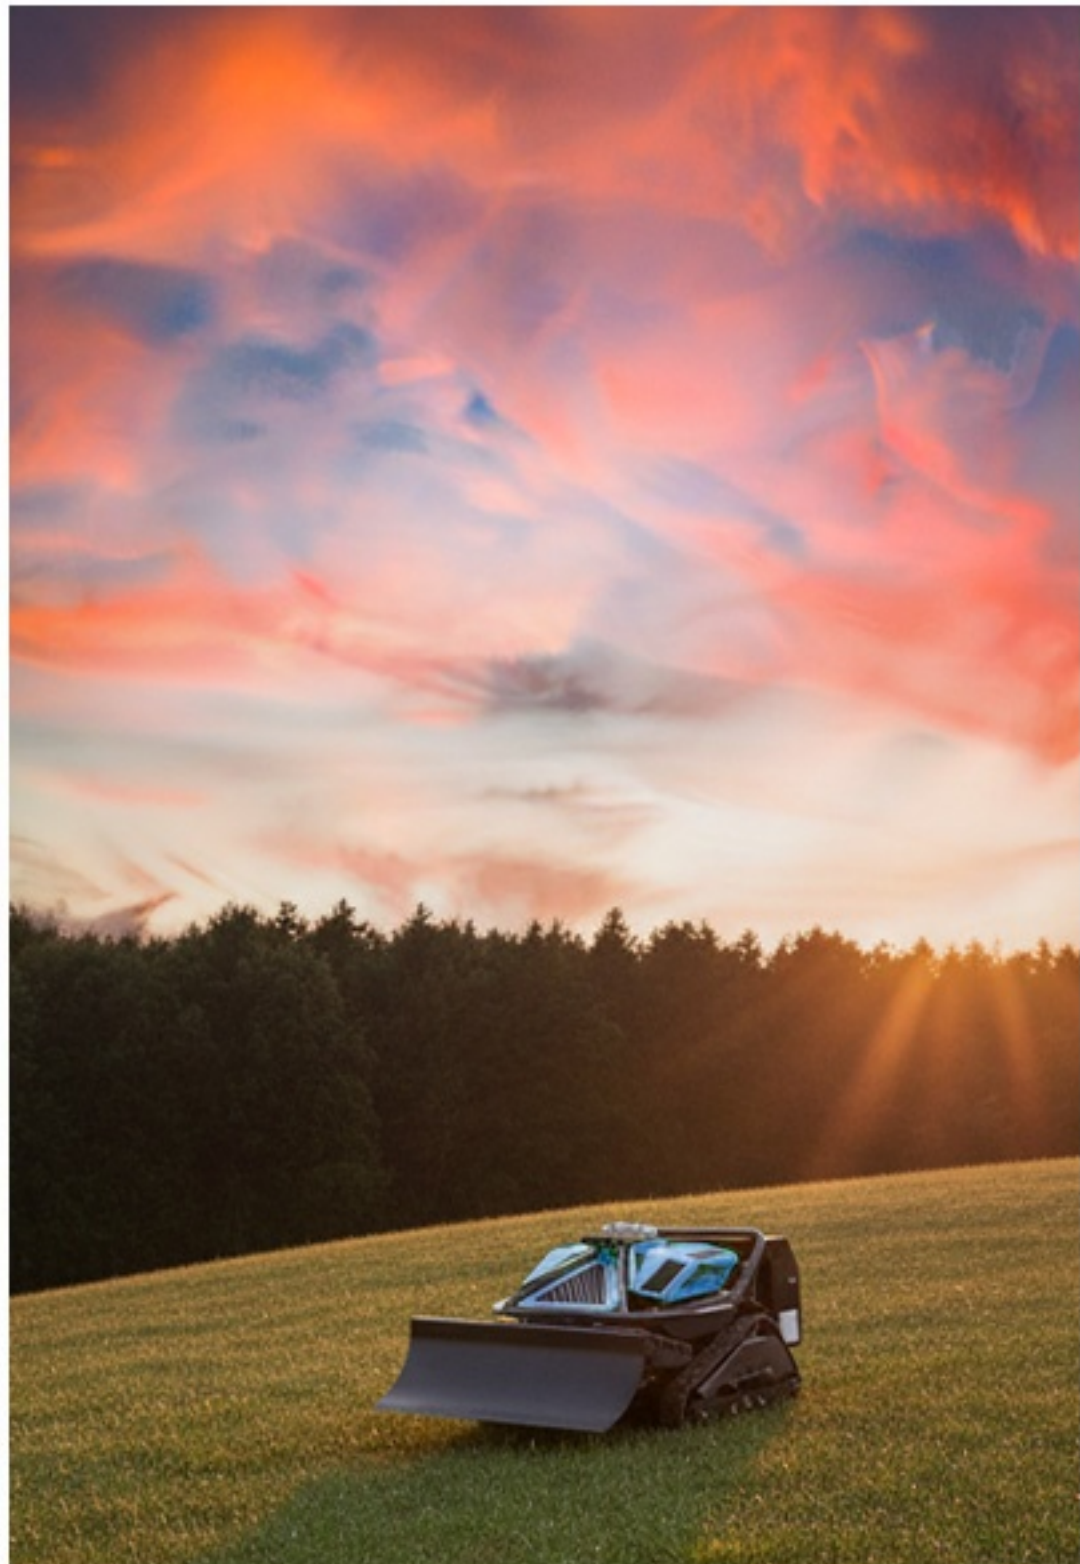

Use internationally renowned
engines and generators

The frame is made of high-strength
automotive hot-rolled steel

It is widely used in various scenarios such as orchards, vegetable fields, parks, land reclamation, urban roads, dams and river embankments, sports stadiums, garden maintenance, etc.

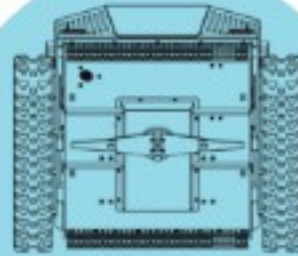

It is widely used in various scenarios such as orchards, vegetable fields, parks, land reclamation, urban roads, dams and river embankments, sports stadiums, garden maintenance, etc.

Product capability boundaries

Remote control communication distance $\leq 200\text{m}$

Mowing width 27 inches (685mm)

Chassis lift 30~120mm from the ground

Walking speed 3.4km/h

Battery life

A full tank of gas can last about 200 minutes

FAQ

Q1 What kind of grass can a lawn mower cut?

A: Any grass can be mowed, including dry grass and small branches.

Q2 How is the walking motor driven?

A: The engine drives the generator to charge the battery, which then powers the drive.

Q3 Product packaging?

A: The products are packed in wooden boxes, which is environmentally friendly.

Q4 Is the product environmentally friendly?

A: The product is ROHS certified.

Q5 Can a lawn mower fit into the bed of a pickup truck?

A: Yes.

Q6 How many minutes can a fully charged battery run without starting the engine?

A: About 10 minutes of walking.

Q7 Is the product certified?

A: Yes, and the products are designed according to various safety regulations: such as CE/EMC and other certification standards.
